

CROSSTIMBERS™

THE BETTER BUILDING BOARDS

DECKING

WE GIVE LIVING ROOM A WHOLE NEW MEANING.™

**Stronger. Lighter.
Greener.**

CrossTimbers decking is more than an extraordinary product—it's an ingenious solution. Engineering ingenuity enables us to produce a channeled decking board that is actually stronger than many leading competitors' solid boards, while also being 30 percent lighter.

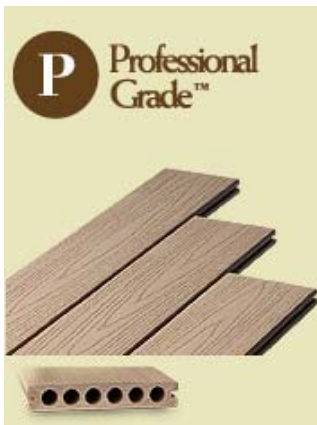

CrossTimbers channeled decking boards also utilize 30 percent less raw materials, so they're friendlier to the environment.

STRONGER THAN THE COMPETITION... SEE FOR YOURSELF!

CROSSTIMBERS

DECKING BOARD OPTIONS

**Why Voided?
It's Stronger.**

Specially-engineered voids in a board that is 30% lighter, while still being stronger and stiffer than many competitor's solid decking boards. CrossTimbers decking boards are designed to take advantage of Polypropylene's strengths in ways that are simply not feasible with Polyethylene.

Professional Grade High Definition (HD)

Premium quality with a smooth finish and high-definition color.

- Stronger and stiffer, limits sagging and bouncing
- True through-body pigmentation

Professional Grade

Premium quality with a wood-grain finish and colors that age naturally.

- Stronger and stiffer, limits sagging and bouncing
- Reversible wood grain or smooth
- Won't splinter, warp, crack, or rot

Classic

Value and quality with a wood-grain finish and colors that age naturally.

- Excellent value composite
- Modest difference in price over wood
- Reversible wood grain or smooth

Deliberately-engineered I-beam and

- Bold design and rich colors
- Smooth finish
- Won't splinter, warp, crack, or rot
- 24" allowable span
- 30-year limited warranty*

- 24" allowable span
 - 25-year limited warranty*
- * See ltd. Warranty for complete coverage and restrictions

- Won't splinter, warp, crack, or rot
 - 16" allowable span
 - 20-year limited warranty*
- * See ltd. Warranty for complete coverage and restrictions

arched voids stiffen the boards while substantially reducing weight. Creating these voids also results in the added benefit of reducing raw materials consumption, so manufacturing is easier on the environment. CrossTimbers engineered voided boards offer performance benefits that outperform many solid boards.

* See ltd. Warranty for complete coverage and restrictions

		<p>EXPRESS YOURSELF BY ADDING CUSTOM RAILING OPTIONS</p>			
		<p>With all of the beauty and quality built into a CrossTimbers deck, there's only one way to make it better: finish it off with a RailWays railing system.
